Tricia is on it, and they share with Ethan, so should be good.

Wow. 10-5 with that FCR. Back to 6.5 g/day at 10-6. Please share with Ethan and CCILO folks.

Not well...

66.5 g/day 10-5

Unanimous approval

I know it was a strategic decision, but there was nobody to counter Doug Conde's legal arguments challenging use of treaty rights. Not that it would have made a difference.

Justin Haynes testimony was particularly pointed, essentially calling the regulation racist because it burdened an identifiable group.
